We do not have responsibility with copywright of this book.

Metamorphoses (from Greek *μετα*, *meta* and *μορφή*, *morphē*, meaning "changes of shape"), is a Latin narrative poem in fifteen books describing the history of the world from its creation to the deification of Julius Caesar within a loose mythico-historical framework. Completed in AD 8, it is recognized as a masterpiece of Golden Age Latin literature.

This cohesive collection of stories from Greek and Roman mythology recounts tales of recorded transformations. Comprised of over fifty stories, it chronicles the legends of King Midas, Daedalus, Icarus, Hercules, and the Trojan War.
